ESTABLISHED IN 1805

ANNUAL CONVENTION

Of Bedford County Sunday School Association

STATE WORKERS PRESENT

Delegates Elected to State Convention—Resolutions Adopted—All Sessions Largely Attended.

The twentieth annual convention of the Bedford County Sunday School Association met in the M. E. Church of Hopewell on Tuesday and Wednesday, June 3 and 4. Immediately after the arrival of the northbound trains in Hopewell Tuesday morning the Sunday School workers and delegates met in the M. C. Church, where the convention was called to order by Rev. L. B. Pasick, pastor of the Hopewell church. The audience joined in singing, "Come Holy Spirit, Heavenly Dove." Devotional services were led by Rev. M. A. Kieffer of the Everett Reformed Church. Rev. Pasick, in a brief address, welcomed all to the town. The assignment of delegates by the entertainment committee took the remaining hours of the forenoon.

Tuesday Afternoon

Tuesday afternoon the convention was called to order at 1:30 o'clock, President William Lysinger presiding. Rev. M. A. Kieffer of the Everett Reformed Church, who had charge of the devotional services of all the sessions, led in the devotional service, and in his meditation spoke of first, "The Person as a Spiritual Force," second, "The Sunday School as a Spiritual Force," third, "The Mission of the Sunday School in the World-Wide Mission." This was followed by three minutes of voluntary prayer. Singing, "Take the Name of Jesus With You," Rev. H. B. Wiesand, Superintendent of the Missionary Department, then spoke on the work of that department, saying that the work in this line could be divided into three parts, viz., "Information, Inspiration and Perspiration." He also outlined the organization of the Missionary Department as follows: "The election of an assistant superintendent of the Missionary Department in each of the fourteen districts of the county." The assistant superintendent in each district select a committee of three in each Sunday School in the district to promote mission work in the school. 3. The introduction of the duplex envelope system in each school.

W. D. Reel, state field worker of Philadelphia, spoke on the Temperance Department and suggested work along the same form as that suggested for the Missionary Department.

The Secondary Department, or the boys and girls of the "teen" age was discussed by B. S. Forsythe, state field worker of Dawson, who advocated thorough organization in this section of the school.

The following committees were then appointed by the president: Nomination, D. W. Rhodes, Margaretta Blackburn, Gussie Andrews, E. M. Painter, R. C. Smith; Resolutions, Rev. E. M. Adair, Rev. M. C. Flegal, Rev. T. P. Garland; Finance, J. C. Roberts, Joseph Snyder, Charles C. Sparks. The session then closed with the benediction by Rev. T. P. Garland.

Tuesday Evening

The Tuesday evening session opened at 7:15 o'clock with a song service, which was followed by devotional services conducted by Rev. Kieffer and prayer by Rev. W. W. Willard. "Our Standards" were then presented by Mr. Reel. Song, "Blessed Hope of the Future," "A New Vision" by Mr. Forsythe, in which he portrayed the benefits of the organized adult Bible class. On motion of Rev. Flegal, the committee on nominations was authorized to nominate at least two candidates for each office to be filled. The President then made a few appropriate remarks, the convention sang, "Praise God From Whom All Blessings Flow," and Rev. Flegal pronounced the benediction.

Teacher Training Banquet

Tuesday evening, at 5 o'clock, the Alumni of the Teacher Training held a business meeting at which Rev. J. C. Stayer of Woodbury was elected President; Rev. D. G. Hetrick of Clearville, Vice President; Miss Margaretta Blackburn of Fishertown, Secretary; and Miss Stoler of Saxton, Treasurer. At 5:30 o'clock the annual teacher training banquet took place in the basement of the church, a goodly number being present. The tables were nicely decorated, and the banquet was prepared by the Ladies' Aid Society of the church. Rev. Weaver of Everett invoked the blessing and after the feast Rev. Wiesand acted as toastmaster and called upon the following persons, who responded: B. S. Forsythe, Rev. William Streamer, Miss Minnie Powell, Miss Vesta Brightbill, Rev. M. A. Kieffer and D. M. Reel, after which the Lord's Prayer was repeated and a verse of "Blest Be the Tie That Binds" was sung.

Berkheimer-Burns

Charles M. Berkheimer and Mrs. Cora M. Burns, of Los Angeles, Cal., were married in that city on Tuesday, June 3. Mr. Berkheimer was formerly a resident of this place, and was at one time employed in The Gazette composing rooms.

NEW MACHINERY INSTALLED

Bedford to Have 24-Hour Electric Service From Local Plant.

The improvements to the station of the Bedford Electric Light, Heat and Power Company have been completed. Two new generators and a new switch-board and instruments have been installed and the company now has one of the best plants of its size in the state.

The generators, etc., were manufactured by the General Electric Company of Schenectady, N. Y., and are modern in every respect. Each generator is driven by its own engine thus making two complete sets and insuring continuous service for in case of a break down in one set, the other can be put into service immediately.

The machines furnish 60 cycle, three-phase current, 2300 volts primary and 110-220 secondary.

The company will tomorrow complete the new line to the Bedford Springs Hotel and current will be furnished the Springs Company after that time. The Springs Company have just completed the wiring of all the buildings on their property and will install electric heating and cooking appliances to take the place of gas and steam fixtures now being used.

Twenty-four hour service will be given by the Light Company, beginning about June 20, and we understand they are offering attractive propositions to power-users.

The 24-hour service is certainly something for our people to be proud of and it should be an inducement in securing small manufacturing plants for our town.

SOUTH PENN BILL DEFEATED

Representative Matt Vigorously Opposed Extension of Time.

On Wednesday of this week the House of Representatives at Harrisburg, by a vote of 123 to 16, defeated the Collin Senate bill which would have given a new lease of life to the South Penn R. R. The purpose of the bill was to prevent other companies from securing rights of way by extending the charter of the old company five years.

One of the opponents of the measure was Representative Matt of this county, who said, in the course of his remarks:

"Some years ago the South Penn road obtained rights of way through the farms of the lower part of the state from the Allegheny to the Delaware. The right of way destroyed miles and miles of farms, but the farmers believing they would soon get a railroad did not object to this at that time. Since then, however, it has been impossible for any other company to get a right of way. We passed a bill here yesterday giving to the State Highway Department the rights of way of railroads not built and this bill should be defeated."

June Weddings

Invitations have been issued announcing the marriage of Miss Marguerite C. McLaughlin, daughter of this place, and Joseph W. Taylor of Pittsburgh, here on Wednesday, June 13.

The marriage of Miss Marguerite Gurley of Pittsburgh to John W. Hughes of Bedford will be solemnized Thursday morning, June 19, at 8:30 o'clock in St. Paul's Cathedral, Pittsburgh. Bishop Regis Canevin will officiate. Miss Rosalie Gurley will be her sister's maid of honor and Thomas Hughes will be best man. Owing to recent bereavement in the bride-elect's family, no invitations have been issued for the wedding.

New Church Dedicated

The oldest congregation in Central Pennsylvania, that of the Greenfield Reformed Church, dedicated their new house of worship at Queen on Sunday. At the same time the new church was dedicated, the 101st anniversary of the establishment of the church was celebrated.

Rev. Samuel Lane Bridenbaugh of Philadelphia conducted the services on Sunday and was assisted by Rev. H. H. Spahn, the present pastor, and Rev. S. A. Wagaman of Export.

HECKERMAN LETTER

"Dad" on Southwestern Trip—Meets Former Bedford People.

Huntington, W. Va., June 10. The past week has been a very busy one for Dad. I made seventeen towns and had a good business. I was at the Bailly, or commonly called the chicken hotel, at Weston, W. Va., one day. There is something in the deed of this hotel property that compels the proprietor to have chicken at every dinner meal in the year. The chickens are not cooked alike at any two meals. They are, however, always cooked nicely and are to a hungry man just the proper caper.

This is at present an oil town and perhaps from fifty to sixty big teams are in town every night. My, what large horses and as a rule what fat ones come in these teams! They haul gas and oil pipes out to the works at a distance of fifteen to eighteen miles, and what struck me as funny was the very large housings these teamsters use on their horses. They must be a load to the horses themselves, but then every one to their trade, as the old lady said when she kissed the cow.

NATIONAL HIGHWAY

Vice President of Association Says Boulevard Will

PASS THROUGH BEDFORD

Sixty Feet Wide From the Atlantic to the Pacific—Thousands Will Use Great Thoroughfare.

A. L. Westgard, Vice President of the National Highway Association, called on Lee F. Hoffman, Manager of the Hoffman Garage and a member of the American Auto Association, last Friday on his way from New York to San Francisco.

Mr. Westgard stated that the National Highway will be built through here. The road will follow the National Pike from St. Louis to Wheeling, then across to Pittsburgh and through here going east to Philadelphia and New York.

The boulevard will be 60 feet wide across the whole continent and it is expected to have most of it completed for the Panama Exposition in 1915.

Work will be begun at a number of different places in all the states through which it passes. Millions of dollars have already been subscribed for the project, a number of auto factories subscribing as much as \$500,000, and auto clubs are paying their share all over the country.

A number of auto manufacturers are figuring on moving their plants along the great highway.

This boulevard will be a great thing for this county, and it will undoubtedly advance the price of property all along the line of the road.

Teachers' Examinations

The schedule for the teachers' examinations for the year 1913 is as follows:

St. Clairsville, June 23 and 24. Schellsburg, June 27 and 28. Mann's Choice, June 30 and July 1. New Enterprise, July 2 and 3. Clearville, July 7 and 8. Pleasantville, July 14 and 15. Everett, August 1 and 2. Bedford, Special Provisional, August 4 and 5. Bedford, Professional, August 8 and 9.

Paper for the examination will be furnished by the Superintendent. All writing will be done in ink. Applicants for certificates must be eighteen (18) years of age and must present a certificate of health, a blank of which may be secured from the Superintendent. A thesis of at least a thousand words is required. Examinations will begin at eight (8) o'clock a. m.

Yours very truly,
Victor E. Barkman,
County Superintendent.
Bedford, Pa., June 9, 1913.

Grazier-Shuck

A pretty but quiet wedding was solemnized at the home of George H. Shuck on West Pitt Street at noon on Wednesday, Rev. W. V. Ganoe of Jersey Shore, former pastor of the Bedford M. E. Church, uniting in marriage Miss Marguerite Shuck and Frank E. Grazier of Huntingdon Furnace. They were attended by the bride's sister, Miss Mildred Shuck, and Albert Grazier, brother of the groom. Only the immediate members of the families and close friends were present, the event being a quiet one on account of the recent death of the bride's mother and the groom's father.

The groom was formerly employed in the office of the Supervisor of the Bedford Division of the P. R. R. at this place but is now manager of the large estate left by his late father and is engaged in lumbering. His bride is one of Bedford's prettiest young women, a graduate of the Bedford High School and at the Old Home Week celebration in 1907 was chosen queen of the carnival. She is the eldest daughter of G. R. Shuck, clerk to the County Commissioners.

The bride and groom were taken to Warrior's Mark in an auto. They will spend their honeymoon in New York, mostly along the Hudson, making the trip in an auto.

Best wishes from The Gazette.

Mrs. Thomas Price

Mrs. Mary E. wife of Thomas Price, died suddenly at her home, 539 East Pitt Street, Bedford, Thursday evening of last week. She was a daughter of Joseph and Anna Mitchell and was aged 65 years, eight months and 26 days. LOCK SPEED

Lock speed is a big element of success in making high scores at the trap or in the field.

When you pull the trigger you want it to go with lightning speed. Flying birds and targets will not wait for a lunging load or a slow lock. Our lock was carefully and scientifically timed at the University of Cornell. Test was made by means of the fly wheel traveling 577 1/15 inches per second. By means of a special device it was found that the fly wheel traveled .93 inches while hammer was falling. Dividing .93 by 577 1/15 gives the time it took hammer to fall .0016+, or expressed in fractional form 1-625 of a second.

When hammer struck it was traveling 233 inches per second.

We figure that this increased lightning speed will increase your score at least 7 per cent. The slower the lock and the slower the load the further you have to lead your birds.

FOURTH-CLASS POSTMASTERS

Civil Service Examinations Will Be Held for Applicants.

Washington, June 4.—Members of Congress have little to do in connection with the filling of fourth-class postoffices.

Civil Service examinations will be held for the filling of each fourth-class office, and these examinations will be open to all, including the present postmasters.

It would not appear from the copy of the Civil Service Commission's instructions to applicants for the fourth-class postmaster examinations that the tests are very severe, and yet, experience shows that there are not a few who fail to pass. The subjects covered by the examination and the credits given are:

1. Elementary arithmetic and accounts (simple tests in addition, subtraction, multiplication, and division of whole numbers and common and decimal fractions and statements of a postmaster's accounts), 40 credits.
2. Penmanship (the legibility, neatness, and general appearance of the competitor's handwriting in the subject of letter writing), 10 credits.
3. Letter writing (a letter of not less than 125 words on one of two subjects furnished), 10 credits.
4. Copying manuscript addresses (a simple test in copying accurately addresses given), 10 credits.
5. Facilities for transacting postal business (based on the location of the postoffice site, the convenience of office arrangements, etc.), 30 credits, total 100 credits.

The examination in the first subject consists of five questions along the following lines:

In question 1 the competitor is given eight whole numbers to add and from their sum he is required to subtract another given whole number.

In question 2 the competitor is given the value of the stamps canceled at a certain postoffice; the amount of money received for newspaper and periodical postage, and from the sale of waste paper, twine, etc.; also the rents collected. He is required to enter the figures in a given form, and to compute the salary of the postmaster for the quarter in accordance with the directions given in the form.

Question 3 consists of multiplication and division of decimals, and also the reduction of a fraction to a decimal.

Question 4 is a practical application of measurements, such as finding how many postoffice boxes of a given size can be put in a certain space, or how many yards of linoleum of a given width are required to cover a floor of a given size, etc.

In question 5 the competitor is given the amount and fee of each money order issued and the amount of each money order paid at a given postoffice for a certain month. From this data he is to make a statement of the postmaster's account with the Government in a prescribed form and to balance the statement.

All persons securing an average of 70 will get their names on the eligible list, and from the three highest the Postmaster General will select the postmaster. In the case of persons honorably discharged from the military or naval service by reason of disability from wounds received or sickness incurred in the line of duty, an average of 65 will be sufficient, and such applicant will be given preference over all others in appointment.

Where the office pays more than \$500 persons over 65 years are made ineligible. Where women are declared by statute of full age for all purposes at 18, they are eligible to examination and appointment. The examination in each case will be held at the most convenient point and will be conducted when possible, by local examining boards. Marking of the papers will be done by the Commission.

It will be necessary for every applicant to fill out an application blank which may be obtained from the postmaster, and notice of time of the examination will be served a few days before it is held. In every case the character and record of the applicant must be good and the applicant be vouched for by at least five persons.

Walnut Grove Campmeeting

The Walnut Grove Campmeeting will open on Friday, August 8, at 8 p. m., and close Sunday night, August 17. A most excellent program is being prepared and the camp promises to be the best ever held. The music will be in charge of Rev. J. H. Wilson, Madsensville, and Miss Bertha Locke of the same place will be organist. Mrs. Julia Ramsey of Saxton will have charges of the children's services. Tuesday will be Endeavor day, Wednesday missionary day and Thursday W. C. T. U. day.

Admission to the ground free. Offerings will be lifted to defray expenses and a table from which fancy work will be sold will be kept same as last year. L. H. Grove of Clear Ridge will keep the boarding house. J. M. Anderson of Three Springs will keep feed stables and run the hack and E. R. Wible of Three Springs will keep the restaurant.

Order will be kept as last year and the same rules and regulations will be in force. Rates will be same as last year. Rule against use of strong drink will be rigidly enforced. These do not allow the bringing of any strong drink on the ground. Twenty-five dollars reward will be paid to any person who obtains a conviction of another for selling strong drink near camp. Persons desiring to rent tents or rooms or wishing any information should write to Rev. F. W. McGuire, Saxton, Pa.

To Live Life Over

To turn a leaf, and live my life again?

Nay! once is quite enough of this world's life.

To drink the cup of joy,—the cup of pain,—

To grasp the rose yet feel the thorn's strife!

I would not always live nor tread the way;

So filled with sins and errors I have made,

But let me choose another life and day

And I might gladly make the even trade!

Schellsburg and the Automobiles

Last year we arrested and fined 12 speeders. On the days when our police were off duty there was a noticeable increase in speeding. Again the speeder is at his games. We have tried warning them, but it does no good; so long as we do not arrest they seem to know of it and encroach on our rights.

While we are not legally or morally bound to give notice to lawbreakers not to misbehave while we are around, we are taking the trouble to do so in the hope that we may save our busy selves some annoyance and some other fellows some money.

The law allows 12 miles an hour; our police do not interfere with anyone who holds to 18 or under. But as we are working with carefully measured courses and stop watches, the man who tries to "beat it" and get away with the game on the strength of what he claims his speedometer shows is ill-advised. People with elastic consciences or speedometers of unsettled habits please take notice.

Last year the state road for miles east and west of Schellsburg was plastered with signs warning the traveling public that Schellsburg was a speed trap. These signs were put up by the official representative of the A. A. A., who also employed persons with red flags to stop all autos approaching Schellsburg and hand out hand-bills warning them that the limit in this town was 18 miles; and that it is a speed trap. And these hand-bills may still be seen in garages from Philadelphia to Erie and from Pittsburgh to the Pocono Mountain. Newspapers, too, were gotten into the game and published sensational reports as to what we were doing. It will be noted that we had voluntarily added six miles to what the state law allowed, the hand-bills clearly so stated; but the campaign of slander and abuse was prosecuted throughout the season to force us to abandon all effort to regulate speed through our town or to protect ourselves against the discomfort and danger of reckless drivers. This campaign did not succeed, and it is not going to succeed.

So much for ancient history. Now for history in the making:

Our signs are new painted and clean and in compliance with law. Hereafter there will be two classes of speeders. (1) Those who break the law without having read this warning; and (2) those who break the law after having read this warning.

As to the former class, if they are going over 18 miles they are intentionally and seriously breaking the law, for, if they depend on the signs for their information, they are limited to 12 miles per hour. Therefore they are not entitled to any consideration. As to the second class, they are even worse, because there enters into their offense an element of defiance and malice.

In either case the limit of the fine for a first offense is \$25; and as we are trying to break up a dangerous and vicious practice there seems to be no reason why the limit should not be applied. We have only fined one man this spring; the fine was \$25 and costs and we locked up his machine until he paid.

And finally: If we run up against a campaign of slander and abuse this year such as was carried on last year, we will put the limit to 12 miles per hour and make it exciting for anyone who beats it. We will neither be cursed for our gifts nor robbed of our plain rights. To us as to the autoist life, liberty and the pursuit of happiness seem desirable.

The Joys of Fishing Time

"The ideal way to go a-fishing in the mountains is with a strongly built spring wagon and a stout, steady team of horses." Such is the introduction to a capital article on Colorado Trout Fishing in the June Sports Afield. Where the Striped Bass is King, The Big Trout of the Old Dam Pool, On the Hudson River, and Old Mose tell of other fine fishing, to be had in New York State, in Vermont, in Northern Wisconsin and elsewhere. In the department devoted especially to camping and shooting we note a number of able articles on sport in Maryland, Texas, Florida, Kentucky, Illinois, Alaska, California and Scotland. The Twelve and the Twenty-eight—an article advocating the use of small-bore guns—and the series of papers on The Deer and Its Habits cannot fail to prove of interest to sportsmen in all parts of

the world. Our merry-hearted friend, The Man with the Typewriter, is as quaintly entertaining as ever, and the entire issue is full of interest. Your newsdealer can supply you, if not, sent 15 cents to Sports Afield, 542 South Dearborn Street, Chicago, Ill.

SUGAR LOBBY HEADS

The heads of the Sugar Lobby are now testifying before the Senate Lobby Committee and censuring President Wilson and claiming they were given to understand that there was "nothing to fear" from the administration so far as sugar was concerned.

The sugar magnates from Louisiana and Hawaii, who were called as witnesses, raised a regular calamity howl, but along with it admitted that they had used every effort in their power to have their agents, their jobs and all their customers flood the mails with letters and heat the wires with telegrams to Senators and Representatives urging them to keep the tariff on sugar. "We tried to establish an endless chain of letters and telegrams, to draw the attention of Congress to our arguments," admitted Jules Godchomx while on the stand.

Their admissions are of record, revealing sectional selfishness and self interest, but, much as they intimate they dare not say that President Wilson as a candidate for the greatest honor in the gift of the American people ever made any promises to the sugar interests, nor can such statement be made by any trust in any other line. He was bound by platform pledges—and he has regard for them—to use his influence to reduce the cost of living and his course is most commendable.

According to the arguments produced by the sugar people forty-seven states should suffer that the state of Louisiana may "wax fat" because of a duty on sugar! Other states might make the same arguments when other schedules are taken up and thus the high tariff on all articles would remain, and the high cost of living continue.

High-tariff papers have been accusing the Nation's Chief Executive of "lobbying" which he recently condemned. This, of course, is not strictly true. He has opposed paid lobbies in his statement and you call his action what you please, he acted in the interests of the plain people, hence rather than lobbying he was championing the cause of the great mass of all the people of all the states when he condemned the lobbies as "insidious." He was championing the cause of the nation while the lobbyists about Washington during the sessions of Congress have been the hired agents of trusts and corporations. He is but keeping faith with the American people, while they are earning salaries for services rendered in the interests of the coffers of trusts and combine who are selfishly interested in amassing wealth. They are working through their lobbying agents for their personal gain. President Wilson is using his power and his influence for the nation, and the American people ought to thank God for such an able champion.

Children's Day Program

Children's Day services were held in the Bedford Methodist Episcopal Church last Sunday morning at 10:30 o'clock. The church was tastefully decorated with flowers and a large congregation was present. The program, as printed below, was faultlessly rendered.

G. W. Faus, Pastor

Next Sunday will be a day replete with interest for the Bedford Methodists and their friends. The Sunday School will be enlivened with brief reports from the recent convention at Hopewell. The sermon by the pastor at 11 a. m. will be addressed especially to parents. All parents are invited to be present. Parents having babies or small children will be met at the door by a committee from the Meroy and Help department of the Epworth League, who will be glad to take charge of the little ones. The Junior and Senior Leagues will meet at 2 and 6:30. At 7:30 the pastor will begin a series of sermons on the Lord's Prayer.

STATE COLLEGE TRIP

Visitors Well Pleased With Conditions at the Institution.

The very low rate Pennsylvania Railroad Farmers' Excursion to State College, June 5, was well patronized. That the farmers along the line of the Bedford Division appreciate this move of the railroad to co-operate with the State College management in bringing before the public the results of its experimental work, was evidenced by the large number of farmers who availed themselves of this opportunity to visit the College.

The excursion train leaving Hyndman at 5:45 a. m. had on board over 250 persons—farmers, their wives and others—when it arrived at Altoona. Here it was consolidated with a similar train bearing almost 300 persons from Morrison's Cove for the same destination. This made up a train of 12 coaches which, without any delays or mishaps, arrived at State College about noon. Other trains from other sections of the state arrived, until about 1,500 visitors were on the college grounds.

After lunch, in conveyances provided at the expense of the College, the visitors were taken over the large area covered by the experimental farming operations. On every side was beheld in the excellent growing crops, the results of proper fertilization. The herd of beef cattle was viewed with admiration and wonder. The orchard of thrifty growing young trees was pointed out as the result of proper selection of stock and careful cultivation. The gardening, the dairy herd, the poultry, all showed the unmistakable results of system and applied science.

Here can be seen the results of years of experimental farm work, all of which is available for the use of the farmer today at a nominal cost. Farmers who can should not fail to visit State College and look over its operations. It will pay.

One Who Was There.

Paint and Not

Paint was never before so high as last year; about \$2.25 a gallon Devoe and a half-dollar less for trash.

What is trash? It looks like paint and pretends to be paint, but isn't worth painting. It costs a painter's day's-work to put on a gallon of paint, good or bad; and a painter's day's-work is \$3 or \$4.

Add that to the price of a gallon. That is the cost of a gallon. Devoe is \$5 or \$6 a gallon; and trash a half-dollar less.

But Devoe is all paint and more too; you add oil to it; a gallon is 5 or 6 quarts of perfect paint for the painter's pot. But trash is three-quarters two-thirds or half paint; you pay a half-dollar less for nobody-knows-what-it-is.

10 gallons Devoe is enough for the average job; it takes 15 to 20 gallons of trash. And they wear same way. Unfortunately, they look alike when first put on.

Post Meeting

At a meeting of Major William Watson Post, No. 322, G. A. R., held here on Tuesday, a resolution was offered and was unanimously and heartily adopted, thanking the friends of the old soldiers for the generous contribution of flowers and the general interest manifested upon Memorial Day. This kindly interest was particularly noticeable in Friend's Cove, Schellsburg and at Bedford.

The members of the Post more fully appreciate the kindness because of the unusual scarcity of flowers in some of the localities mentioned, shown in gardens or yards, yet in the cemeteries there appeared to be an ample supply for the occasion. They also appreciate the movement of the people toward the cemeteries notwithstanding the threatening weather. The space given in the newspapers before and after Memorial Day to the affairs special to that day have gladdened the hearts of the comrades who are awaiting "taps," taps that have been answered by the other comrades that tenant the sod-topped tents and are resting till reveille on "Judgment Morn."

HARRISBURG LETTER

Penrose Still in Control of Republican State Machine in

SENATE AND IN HOUSE

Appropriation Making System Denounced by Representative Bergey in Fiery Speech.

Harrisburg, June 11.—The people of Pennsylvania are being given an object lesson these days in legislative extravagance, chaotic lack of system, rhyme or reason in appropriations, and the indefensible method of using the State Treasury for political advantage that has existed under Machine rule in this state since Penrose's predecessors first began to shake the plum tree.

A vigorous but generally ineffectual fight by Democrats and Independents to rid the appropriations of some of their prosaic features marked the week. The administration whip cracked menacingly, and weak-kneed Progressives were corralled protestingly, roped, thrown and branded with the administration mark. The kickers were threatened with loss of appropriations for their home charities, and the old threat proved as potent as of yore in bringing the recalcitrants to time.

Representative Bergey, Democrat, of Montgomery County threw the administration forces into a temporary panic Monday night by a vigorous speech in which he scared the fake progressives and lashed Penrose and the administration for the burlesque of progressivism they are trying to impose upon the people. So smarting to the gangsters and the pseudo-Progressives were the Montgomery County Democrat's words that Speaker Alter, administration apologist and self proclaimed Progressive, felt called upon to rule the speech out of order.

Mr. Bergey declared that "for the administration or the senior United States Senator to assume the position of favoring Progressive legislation is a monumental farce in the face of prevailing facts of which every member is familiar." "There has never been a moment during the present session of the Senate," he pointed out, "when it was impossible for the administration or the senior United States Senator to crack the whip and bring forth any legislation desired in the Senate, and for the senior United States Senator of this state to go about now advocating progressive legislation under such circumstances is an insult to our intelligent citizenship and should be resented by every patriotic citizen."

Mr. Bergey denounced the system of making appropriations and concluded: "This humble protest may have no effect upon your action tonight upon the proposed amendment, but some day it will be necessary for any member to demand direct recognition in behalf of the state for the money given to private institutions, for the people will rise and elect a Governor brave and big enough to annihilate this practice of paying millions annually from the funds of the state into private treasuries, over which it has no jurisdiction."

Appropriation bills for private institutions which have never before received state aid were as plentiful as blackberries in autumn, and nearly every institution that has received state aid in the past asked for a larger sum this year than ever before. In most cases the requests were indorsed by the generous Appropriations Committee and granted by the complaisant House. That body gave a remarkable demonstration, by its indifference to the demands of economy and justice, of the absolute necessity of a Department of Public Charities, such as was provided for in a Democratic bill still "pickled" in committee, and the complete divorce of such appropriations from politics.

Another indorsement of a Democratic policy was given when John R. K. Scott, Philadelphia's insurgent Republican member, forced the House to adopt resolutions calling upon the heads of various departments for itemized statements of their expenditures of previous appropriations and their necessities for the ensuing two years. Similar resolutions, offered and supported by Democrats at the beginning of the session, were killed. Had they then passed it is probable the state would be saved hundreds of thousands of dollars of extravagant appropriations.

Tener Extravagance

The reckless disregard of expenditures of the present administration is shown by the fact that during the first two years of the Governor's term of office they exceeded by \$4,238,000 the expenses of the last two years of Tener's predecessor, the total expenditures reaching the enormous sum of \$21,043,889.23. That the record of the next two years will far eclipse this is certain. The recommendations of the Appropriations Committee greatly exceed the possible revenue of the state. There has grown up a system of constant increases in the amount allowed the various departments, and an item once appearing in a general appropriation bill is never dropped from its successors, notwithstanding that the specific purpose for which the money was originally appropriated has been obtained.

“Blue” Feeling

When you feel discouraged and all the world seems to be against you—that’s your system’s way of telegraphing you that something is **WRONG** and needs **HELP**.

It may be that your liver is tired and refuses to work, or your digestive organs have had too much to do and need care. Perhaps you have been eating the wrong kind of food, and your blood is too rich or impoverished. What you need is a tonic.

Dr. Pierce's Golden Medical Discovery

will give the required aid. Tones the entire system. The weak stomach is made strong. The liver vibrates with new life. The blood is cleansed of all impurities and carries renewed health to every vein and nerve and muscle and organ of the body. No more attacks of the “blues.” Life becomes worth while again, and hope takes place of despair.

Insist on getting Dr. Pierce's Golden Medical Discovery. Sold by dealers in medicines.
